Swimming and Water Safety Tests to be Held Friday, July 24th, 1953

Mr Ron Hall, district supervisor for the Red Cross Swimming and Water Safety Programme, will be in Haliburton Friday the 24th to conduct the tests for the various swimming certificates and badges.

With the continued hot weather attendance has been very good and the various classes are showing marked improvement under the capable direction of Instructor Mike Dzupina.

Thanks to the Haliburton Branch of the Canadian Legion, the courses have been carried on for three weeks rather than two as originally planned and this past week has proved invaluable in rounding out the programme. Many of the non-swimmers of two weeks ago are now taking their first strokes & gaining confidence every

time in the water. The extra week has also showed great improvements among the Juniors, Intermediates and Seniors.

Instructor Mike is to be complimented on the progress already shown and Haliburton is indeed fortunate to have obtained the services of an instructor so well qualified & so capable.

Parents and any others interested are cordially invited to be on hand to watch the tests. In all probability, the tests for the Beginners will be held at the Rotary Beach starting at 1.15 Friday afternoon; for the Juniors, Intermediates and Seniors at the Government Dock beginning at 3.00. Each Swimming Class will be advised of the exact time and place.

New Shopping Centre taking Form

Haliburton - Local residents and cottagers around Haliburton Lake are delighted with the new shopping centre which is rapidly being put in shape.

Darlack's have their new store erected and open for business. It is a spacious cement block building and stocks groceries, fruits, paints and hardware. When the wiring is completed it will also have a refrigerated meat counter. Many cottagers have expressed their pleasure at having this complete department store so handy to their cottages.

A new service station is being built and the land next to Darlack's is being prepared for a new plumbing and heating store.

Car and Truck Collide on Main St.

Haliburton, July 23rd
Traffic on Main St. was inconvenienced for some time this morning as the result of a collision between a truck owned by Young's Fruit Market of Markham and a car driven by Fred Clement.

Damage was slight to both vehicles.

Prov. Constable Langton investigated.

Drives Car into Bridge Injured Near Burnt R.

An accident Sunday at Burnt River caused severe facial injuries to a 22-year-old Toronto man.

Eric Smythe was driving south on the Kinmount Rd., when his car went out of control and smashed into a bridge. The car was badly damaged and Smythe received a broken nose, lacerations and bruises to the face. He was treated by Dr. Jamieson.

Art Dickinson of Lindsay was among the first to arrive at the scene of the accident. He rendered aid there and on arrival at Lindsay.

The incident was investigated by Constable John A. Williams, of the Fenelon Falls detachment of the OPP.

Letters to the Editor

Little Britain,
July 20, 1953.

The Editor,
Haliburton County Echo
Haliburton, Ontario.

Dear Sir,-
I would like to publicly denounce the Liberal Association of Victoria, Haliburton, North Ontario for their cowardly attack on Mr Clayton Hodgson, contained in a letter published in the Lindsay Post over the signature of Mr Keith Gordon.

This letter infers that Mr Hodgson has been negligent in carrying out his duties as a Federal Member and has been giving his time instead to Provincial matters and that, therefore, he has not been earning his salary as a member of Parliament.

These are untruthful, low and cowardly statements to make against a man who has the interest of all people of his constituency at heart, be they Liberal or Conservative.

I maintain Mr Editor, that Mr Hodgson has done more for his constituency than most members of the Liberal Government have done for theirs, and to do this, he has had to work hard and faithfully.

The letter over Mr Gordon's signature, is trying to convey that a member of Parliament should give his full time to Federal matters. Of course anyone with a grain of sense knows that members of Parliament are business and professional men who have to run their own business, as well as representing their constituency when parliament meets.

If Mr Hodgson wishes to spend time when Parliament is not sitting, in the service of the people of his constituency, he should be commended for so doing, instead of being slandered. A man who can serve the people he represents as well as Mr Hodgson has done, is a man worth keeping.

I submit, Mr Editor, that if the Canadian Parliament had more men of the calibre of Mr Hodgson, who, I have found is ready and willing at all times, to be of service, we would have a better Government in Ottawa.

Yours very truly,
(signed)
Frank P. Jenkins

CARNARVON

The ladies of the WA held a very successful Bazaar in the Church basement on Thursday and made around \$395.00.

Master Lenard Skinner is spending the holidays with his grandparents Mr & Mrs Ed. Harrison.

Miss Denise Jones of Port Credit is the guest of Miss Phyllis Windsor.

Miss Mary Miscoe and Mrs Elmo Tammbarani of Hamilton are spending a week with Mrs Amos Miscoe.

In Memoriam

In loving memory of our dear brother Glen H. Dart, who passed away July 25th, 1951.

Two years have passed,
Since that sad day.
When one we loved,
Was carried away.
God took him home,
It was His will.
Within our hearts
He liveth still.

Always remembered by
Bud and Grayce.

THE WEEKLY ROUNDUP

It would appear that most everyone which has accommodation to offer summer visitors is at present filled up. We tried 14 different places on Saturday to secure accommodation for six visitors who were anxious to rent a cottage but in every case we received the same answer: "So sorry but we are booked right up to the end of August". And if the number of people who thronged the streets here and in Minden on Saturday are any criterion then we would say that there are more tourists in the High

lands than ever before.

Mrs John Maguire who is worthy Mistress of L O B A 828 had her family well represented in the Haliburton Lodges that marched in Kinmount on July 12th.

As well as herself and husband she also had a son, 2 daughters, one daughter in law, two granddaughters and two grandsons marching along in the big parade.

The Orange banner will long be kept flying if it can rally to its side such families as this.

Ben Varty New Caretaker

Mr Ben Varty of West Guilford has been engaged as caretaker of the new County High School. Mr Varty has worked on the construction of the school since the start and had also served as a caretaker and school bus driver in this area previously. The board received a number of fine applications for this position, but it was felt that the application of Mr Varty was the one most acceptable in view of his previous experience.

Drowning Narrowly Averted

Minden - The quick action of two young men, Glen Vasey and Louis Hewitt saved the life of an eleven year old boy, Ken Sutherland on Tuesday afternoon.

Ken, who lives with his mother in an apartment over Earl Hewitt's garage got into difficulties while swimming at the bridge in Minden.

He was going down for the third time when Glen and Louis dived in, fully clothed and brought the lad to shore.

It is hoped that this near tragedy will serve as a lesson for young, inexperienced bathers not to venture into the water at this point as the current is very strong & only good swimmers should use the river at the bridge. For less experienced swimmers, the Red Cross have a proper, roped off swimming beach up the river a short distance.

Local Children At S. A. Camp

The Haliburton Salvation Army Corps is sponsoring the holiday for local children who will be spending a week at the S. A. Fresh Air Camp at Hawk River. Good, wholesome meals and a well-rounded programme with excellent supervision will offer these young people a healthy happy, safe holiday.

Minden Rotary

Speaker for the evening was J. S. Nethercott, director of Vocational Guidance in the London Ont. High Schools.

Our speaker outlined the development of this phase of education over the past ten years or so until it is now a department in all High Schools in Ontario and seeks to direct the student into the line of endeavour that would be most suitable to his ability and learning.

Our speaker who is Kiwanian spoke of the part that service clubs had played in promoting this type of assistance for young people and believes that in the second half of this century that they will play even a larger part in this type of work.

He also stepped out into a larger sphere and discussed the two ideologies Communism and Democracy and while he says and I think that few will doubt that Communists are much better crusaders at the present time and while complacency has been the thorn in the flesh of Democracy yet free people have never been beaten but behoves us to be on our toes.

WEDDING

Nesbitt — Walker

A quiet but pretty wedding was solemnized on Friday, June 19th, 1953 at 4 p. m. at the United church parsonage in Minden when Joyce Bernice, second daughter of Mr and Mrs George Nesbitt, Blairhampton became the bride of Charles Walker, youngest son of Mr and Mrs Howard Walker of Boskung.

The wedding ceremony was performed by Rev. Madden.

The bride wore a graceful gown of white sheer trimmed with sequins with finger-tip veil held in place by a pearl tiara. She wore a necklace of rhinestones with ear rings to match and carried red roses.

The bride was attended by her sister Mrs James Puterbaugh who wore a floor length dress of blue shot taffeta with a halo of white flowers. She wore a necklace of rhinestone and ear rings and carried pink roses.

Mr Carl Walker, brother of the groom acted as groomsman.

The immediate relatives of the bride and groom sat down to a wedding supper at the home of the bride.

They were received by the bride's mother wearing grey crepe trimmed with nylon lace. She was assisted by the groom's mother wearing a two piece dress of grey corded taffeta. Each wore corsages.

In the evening a wedding dance was held in Medley's Hall Carnarvon and was attended by more than 500 guests. The music was supplied by friends.

The bride and groom were the recipients of numerous and costly gifts showing the high esteem in which they are held by their friends.

They will reside in Minden

EDITORIAL

The Heart of Democracy

The heart of Democracy is the Free Vote. Your Haliburton Highlands Chamber of Commerce urges you to accept the responsibility of good citizenship —
Vote as you like, but Vote.

Too often we are inclined to take for granted the rights and privileges which we enjoy as citizens of a free and democratic country. Despite the lessons which two world wars within a generation should have taught us, we still fondly believe that "it can't happen here". Although all about us we hear the sound of alien, bestial ideologies gnawing at the roots of Democracy, we insist that whatever may take place in the other countries of the world, our individual rights will remain.

Never forget that "Ours" is the authority which governs.

When we stop to consider these facts we must realize that the power and authority which exists in the individual — in each and every one of us — carries with it corresponding duties and responsibilities. The most important of these duties is to exercise the franchise — to raise our voices as free men and women, as individuals, in the selection of those who will act as our representatives.

This is an appeal to our patriotism, to our sense of citizenship, that there might be awakened in us an appreciation of the power and authority which resides in us.

Avoid Fatigue, to avoid ACCIDENTS

Pointing up one of the many ways drivers can avoid accident producing conditions J. P. Bickell, Registrar of Motor Vehicles of the Ontario Department of Highways emphasizes the need to avoid driving when tired. 'Fatigue' he said "especially during the summer months, is the significant factor in a large number of motor vehicle accidents".

"At this time of the year, motorists are driving distances they are not accustomed to, on weekend trips and annual vacations.

"There are many simple ways to avoid fatigue. For instance, I know some ardent fishermen who travel long distances on the weekends. From about 7:00 p. m. to 12:00 of a Friday evening, you'll find them sleeping. Then they start out for their favourite lakes, something like a 250 mile drive, changing drivers at regular intervals. As well as starting out rested, they avoid the heavier traffic hours".

"It was recently reported, that the U. S. Army after

extensive tests, now require their drivers to take a ten-minute break after every two hours of driving. A cup of coffee or tea is recommended during the break. The success of the ruling shows up in a decrease of 34 per cent in the Army's over-all accident rate.

Here are some ways in which a driver can avoid the dangers of drowsiness and driving:

1. Keep the windows of the vehicle open, breathe deeply.
2. Drink coffee - or other alertness beverage every two hours.
3. If drowsiness sets in, stop vehicle, get out and exercise briskly.
4. When possible, change drivers every two hours.
5. For the driver who finds himself too tired or too sleepy to continue, there is a sure-fire remedy: pull off the road and rest until fit to continue."

"And about driving speeds, it has been remarked, 'it's dangerous to drive at any speed when fatigued — at high speeds it is suicide.'"

ENGAGEMENT

The Engagement is announced of Muriel Ellen Jane, only daughter of Mr and Mrs Curt Ventress of Haliburton, to Lawrence Benjamin Scott, son of Mr and Mrs Thomas Scott of West Guilford. The marriage will take place, Saturday, August 1st, at 6:30 o'clock in the United Church Haliburton. Wedding Dance at 9 o'clock, Legion Hall, Haliburton.

Letters to the Editor

Lindsay, Ont., July 16, 1953

Dear Mr. Editor:

I trust I may be permitted through the medium of this newspaper of making some observations concerning a misconception which is being propagated throughout this riding for obvious purposes.

Granted, we are in the midst of a Federal Election Campaign. Why then are the electors being enticed into believing that the Conservative Candidate when teamed with the Premier of Ontario is the only possible choice.

What has become of Mr. Drew? It is almost unbelievable that pictures showing Mr. Drew as the Leader of the Conservative party with Mr. Hodgson as the Standard bearer have not yet appeared on the local scene. I assume this ammunition will come at a later date.

I also note our CONSERVATIVE candidate is pleased to announce the building by the PROVINCIAL Dept. of Lands and Forests, a new building in Haliburton, also an editorial in a Lindsay Newspaper explains that the Premier of Ontario delegates a great deal of his work to Mr Hodgson. Why?

I am rather pleased with these announcements because it gives full measure of support to the argument that our Federal Conservative Candidate does the Provincial LEGWORK for the ONTARIO government in this riding to the detriment of the interest of the electors who he is SUPPOSED to adequately represent in Ottawa.

It is not difficult therefore to assume that the payments made by the Federal Treasury to the Conservative member of the Opposition have amounted to a sizeable sum over a period of nine years and this of course is hardly to be considered in keeping with what he has been able to accomplish as a Federal Representative and as a member of the Opposition.

How much longer must we put up with this drivel — "let's keep the team"? We have a real team in Ottawa, Louis St. Laurent and his Liberal government. Let us remember the best years of our lives and get on with the job.

Very truly yours Keith G. Gordon

Executive secretary Victoria, Haliburton, Ontario Liberal Association

Daily Vacation Bible School

The daily Vacation Bible School for Haliburton and surrounding areas came to a fitting close on Wednesday night, July 15, when a public demonstration and programme were held in the Community Hall. The School a non-denominational effort sponsored by the local Ministerial Association, held its classes every morning from 9.00 a m till 11.45 a m, Monday, July 6, through to Wednesday, July 15, Saturday & Sunday excluded.

The School was directed by Rev. Lorne Schmitt who divided the classes up into five different groups. Mrs Lorimer taught the Nursery Group while Mrs Burke, Mrs Rennie and Rev Nelson took charge of the beginners. The teachers for the Primary Class were Mrs Lucas, Lieut. Brown and Mrs Osborne; for the Juniors, Miss Minott; & for the Intermediates, Rev. Cathcart.

Despite the fact that the Bible School got off to a bad start due to rainy weather it was a real success. Enthusiasm and attendance greatly increased as the days passed

by to give the School an average attendance of and an all time high of for any one morning. This was a substantial increase over the last Bible School held.

The public demonstration held on Wednesday night gave the parents a good idea of how the children spent their time. Every morning had its period of worship, play, music and handwork with everything being correlated to fit into the prescribed course. The various handwork projects were on display for the parents to view.

It is felt by all concerned that the Bible School was a really worthwhile effort that will have a lasting influence on those children who attended. The Ministerial Association would like to extend their thanks to the Teachers the Public School Board, and all others who made some contribution to the success of the School.

The Liberals say
they can't cut your taxes!

**WE CAN...
WE WILL!**

the *Main Issue*
in this election is
YOUR MONEY!

We will budget for Government's legitimate needs ... we will stop budgeting for bloated surpluses which—in three years—took from the people's pockets the staggering sum of \$1,618,000,000 more than the Government needed.

We will end the shocking conditions in our Defence Department which the Government's own investigator, (Col. G. S. Currie) described as: "A general breakdown in the system of administration, supervision and accounting ... Accounting records in a chaotic condition and of little use in determining the nature and extent of irregularities ... Waste and inefficiency far more costly in loss than that covered by actual dishonesty".

We will, without impairing the efficiency of our Armed Forces, correct the appalling inefficiencies in the administration of the Department of National Defence.

We will provide the nation with an administration whose attitude towards the spending of public monies will be one of prudence and common sense. A new Government in itself will mean substantial savings to the taxpayer—it will replace a Government whose arrogant indifference to economy was best expressed by Mr. Howe's scornful remark, "What's a Million?". Or, "If they need a gold-plated piano it is our duty to buy it".

We will reduce or eliminate countless hidden, indirect taxes which grossly inflate the cost of consumer goods, add to the grievous cost of living, increase the price of homes beyond the capacity of most of our people to pay, discourage saving and initiative.

VOTE

We will reduce federal taxes by at least \$500,000,000 a year ... without reducing any pensions, family allowances, or other social security payments.

"Will be absent from his office from July 8th until August 5th."

WEST GUILFORD

On Friday afternoon, July 7, Mr Leslie Frost, accompanied by the road engineers, Mr Boucher & Mr Patterson, met the Conservative executive of West Guilford, to discuss the road situation of this district. The meeting, which was private, was held informally, in the private yard at Mr J.M. Prentice. The members of the council, all from Haliburton, were also present for consultation as was Mr Clayton Rogers of Maple Lake. Members from West Guilford present were: Mr Prentice, Mr James Cooper, Mr Ken Sisson, Mr Clarence Horsely and Mr Harry Horsely.

Contacting Mr. Prentice after the meeting, we were informed that Mr Frost had discussed the road from Carnarvon to West Guilford, and that he had given some assurance that this road would be improved. Asked what this "improvement" would consist of, we were given no definite answer, just that it would be improved. Re the Road from West Guilford to Eagle Lake, we were assured that it will be "taken care of", that is developed. We inquired if this might mean a hard top, but evidently there is no definite answer for that either. To our enquiry re the road from West Guilford to Kenosis, we were given no information, only that Mr Frost and the engineers had driven over it.

Mr and Mrs Earl Stevens, Mr and Mrs Kenneth Stevens spent their two weeks holiday in West Guilford. They visited briefly with Mrs. Essie Stevens at West Guilford and then camped at Red Stone Lake. Miss Gwendolyn Varty, who is employed by the Palmolive Co. in Toronto, is spending her holidays at her parents home at the corner, visiting also this week at Mr Ben Varty's is Mr Gordon Sutton of Toronto.

Gwendolyn proudly showed us her new diamond, but stated that no formal announcement will be made for some time.

We learn that Mrs Tom Scott was severely bruised, when kicked by a cow, fortunately no bones were broken.

Mr and Mrs Stephenac of Niagara Falls NY after being driven out of the Parry Sound district by flies, when they tried camping there, drifted over to the Haliburton County to finish their vacation. They settled at Lock Haven and came to West Guilford Lakes for fishing. Fortunately our district lived up to its reputation and the Stephenacs were able to take back to United States some fine specimens of speckled & brown trout.

Mr Frank Lambert suffered a freak accident while fishing in Kenosis alone last week. The high wind and a cranky motor served to throw him from the boat, quick reflex action made him grab the boat and hold on, in spite of the fact that the propeller struck him in the leg, causing a deep gash. By chance there was a metal lighter in his pocket which damaged the motor enough to stop it. Leg then managed to climb back into the boat, paddle himself to shore. From there he drove to Haliburton where the Dr. put 5 stitches in the wound.

The Community Guild held their last meeting of the summer in the community hall on July 16th. Mrs Cora Sawyers opened the meeting with the Lord's prayer. The business of the meeting consisted of finishing reports of the picnic, and settling some accounts held over. Mrs Sa-

Their leader Drew, has not the crew,
To man the nation's boat
And if he had, he's not the lad
To keep the ship afloat.

We had five years of Tory tears,
Some two decades ago;
And you'll agree with wife and me,
It was a tough old row.

Now just recall the Tory bawl
About New Zealand butter,
It made us sad, it made us mad,
It almost made us stutter.

And then their "dope", that gave us hope,
They'd end the unemployment —
That bitter pill, I taste it still,
Devoid of all enjoyment.

But now their cry, is we won't sigh,
When they reduce our taxes,
But if we bite, indeed we might
Be grinding P C axes.

So, let's beware their every snare,
And promises so phony
For they are smart, schooled in the art
Of handing out boloney.

In Memoriam

In loving memory of a dear husband and father who passed away July 25, 1951. Sometimes it's hard to understand
Why some things have to be,
But in His wisdom God has planned
Beyond our power to see.
A day of remembrance sadly recalled,
Without farewell he left us all,
To be with us in the same old way,
Would be our dearest wish to-day.
Ever remembered by his loving wife Nellie and Son Roger.

5 Trips weekly to Lindsay and Toronto —

Monday to Friday inclusive.

Wyers read a letter from Mr Clayton Hodgson in which he expressed thanks for the invitation the Guild had extended to him to attend the picnic, and expressed regrets that he had been away at the time, but hoped that he would be able to attend one of our gatherings in the future. A clipping on the importance of everyone exercising their right to vote was also read and discussed, the fact that the Guild adheres to the principal of "non partisanship in politics", was also remarked upon. We enjoyed a lunch prepared by Mrs Sawyers and Mrs Hugh Griffin. If the members wish a meeting in August one may consult Mrs Sawyers otherwise our next meeting will be Sept. 3. In the meantime don't forget the needle work for the bazaar and try to interest new members for the fall term.

The Storm

Earth like a savage bird in drooping plumage dress
Clutches her children closer to her breast
This interpretation of the earth is born
From the frustration that proceeds a storm.

The crouching earth proceeds to shield her eyes
Earth panting breathes a mist toward the skies
No mercy shows the sun in his eternal ray
Spurned by its heat a silent corpse earth lay.

Then up aloft the clouds of mars ride high
Grumbling they roll across the clear blue sky
A blinding flash and then the thunders roar
Gathering momentum earths feels the deluge pour

Now thankful earth drinks in at every pore
Deeply she drinks and stretches hands for more
Lifting her face to ease her fevered pain
Relaxed once more earth feels the soothing rain.

Earth's children filled, relaxed her fierce embrace
Once more the warmth of sun shine on her face
Mounting from earth to heaven sees there a glow
Embracing earth and sky, the form of a rainbow.

The promise made by God in years gone by,
Not to destroy the earth again, set in the sky.
Token of love, from God, his wrath would cease.
Remembering, Gods son, the rainbow stands for peace.

Mavis Noice.

**Our Trip to
Drag Lake —
Haliburton**

A Diary kept by Mr J. C. Edwards, who made the trip with Willie Clarke in the fall of 1892.

September 1 —

Left Toronto from Parkdale station on Thursday at 9 a. m., booked to Peterboro by CPR, fares \$4.80. Stayed off one hour at Peterboro and booked on to Lakefield - fare 70c. Arrived at Lakefield at 2 p m and dined. Completed our outfit and bought a 16½ foot Basswood Canoe from J G Brown for \$15.00. Left Lakefield at 5.30, paddled about a mile, camping on an island for the night. Pitched our tent, unpacked stores and got tea. A fine day & moonlight night.

September 2 —

Up at 6 a. m. and got breakfast, afterwards packing up, loaded our canoe and left at 8.45. Paddled up Kachawano Lake to Young's Point 3½ miles, portaged round the locks there, re-loaded and on again, paddling up Clear Lake, a fine sheet of water. Went ashore at Sand Point at 1 o'clock for dinner and a rest. Left at 2.30 and crossed a big bay, getting into Stoney Lake in which we found a number of islands. Kept the left shore for about 1½ miles, until we reached a small island owned by Mr Robt Strickland, on which we camped at 4 p. m. Pitched

Did you know way back, when this country was new and all - Gelert was known as Little Ireland; a settlement of very delightful and interesting Irish folk? Of course there was no doctor at that time. One of the ladies, Mrs Burk, a bit more resourceful than the others, was a sort of "medicine man".

To a demijohn of Brandy she added a quantity of crushed garlic buds. This was left to steep for several weeks.

Then if Mrs Donnelly or Mrs Foley or anyone else was ailing Mrs Burk dispensed her "potion" and in no time the patient was cured.
